AT A GLANCE

Intersolar Mexico 2027

and Special Exhibitions

ees POWER 2 DRIVE EMPOWER

Co-located with AQUA TECH MEXICO

- **Date:** September 7–9, 2027
- **Venue:** Centro Banamex, Mexico City
- **Exhibitors (exp.):** +350 at the co-located events
- **Visitors (exp.):** +11,000 at the co-located events
- **Areas of focus:** Intersolar: **Photovoltaics and Solar Thermal**
  ees: **Electrical Energy Storage**
  Power2Drive: **E-Mobility**
  EM-Power: **Energy Management**
  Aquatech Mexico: **Water Technologies**

Mexico's Solar Exhibition and Conference for the New Energy World

Together with Aquatech Mexico, the events welcomed more than 11,000 visitors and over 350 exhibitors in 2026. Intersolar Mexico recorded more than 50% growth in visitors compared with 2025. There was a record attendance at Intersolar Mexico’s International Conference and Innovation Forum, with more than 860 participants and 56 speakers.

Watch the Event Video 2026

With photovoltaics, solar thermal technologies and solar power plants at its core, Intersolar Mexico is evolving alongside the energy industry. In 2027, the exhibition expands its scope to include energy storage, e-mobility and integrated energy solutions, reinforcing its position as a platform for solar technologies and their growing integration into the broader energy ecosystem.

INTERSOLAR MEXICO 2027

Premium Partners

ANES

Mexico’s leading renewable energy association, uniting 600+ experts from academia, industry, and government. It represents Mexico within the International Solar Energy Society (ISES).

ASOLMEX

Mexico’s main PV association, representing 100+ companies across the solar value chain. It drives national growth in large-scale and distributed solar generation, energy storage, and public–private collaboration.

BSW

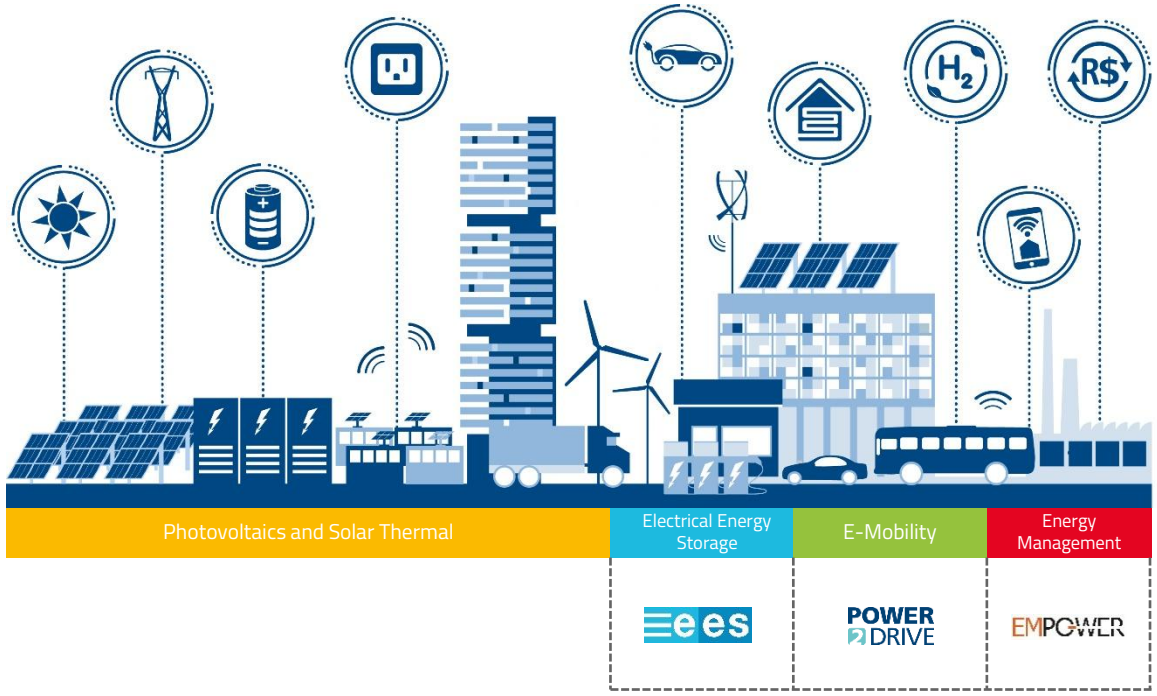

Germany’s leading solar and storage industry association with 40+ years of experience, promoting investment security, innovation, and collaboration across the global solar market.

HEAT CHANGERS

Independent global initiative promoting solar thermal technologies worldwide. It showcases success stories advancing decarbonization of heat, drives awareness and unites leading expert voices.

INTERSOLAR MEXICO 2027

Solar at the core. Energy solutions beyond.

Special Exhibitions

Intersolar Mexico 2027 introduces three **special exhibitions** under The smarter E platform:

- **ees** for batteries and energy storage systems
- **Power2Drive** for charging infrastructure and e-mobility
- **EM-Power** for energy management and integrated energy solutions

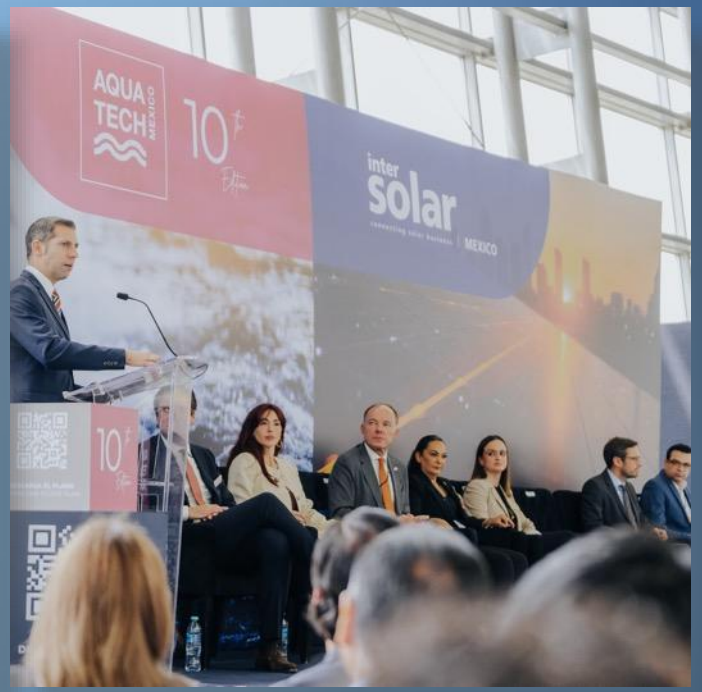

These dedicated areas complement the exhibition's established solar focus, creating new opportunities for exhibitors and visitors across interconnected energy markets.

INTERSOLAR MEXICO 2027

Mexico City: A Gateway to Latin America's Energy Future

As one of Latin America's most important economic and business centers, Mexico City provides an ideal setting for connecting with customers, partners and industry decision-makers. Co-located with **Aquatech Mexico**, Intersolar Mexico 2027 brings together complementary industries, creating additional opportunities for networking, knowledge exchange and cross-sector business development.

Mexico is Powering the Energy Transition

Intersolar Mexico creates opportunities to showcase solutions, establish strategic partnerships and generate new business across Mexico's expanding solar and energy markets.

Exhibition

Showcase your solutions on the exhibition floor, in Special Exhibitions or at the Innovation Hub, and connect with potential buyers across Mexico's energy market.

International Conference

Position your company among industry leaders and experts, gain visibility through targeted sponsorship opportunities and reach a specialized audience of over 400 attendees across the three-day program.

Innovation Forum

Showcase your innovations through commercial pitches or technical workshops, and boost your visibility with sponsorship opportunities in a three-day program offering free admission to visitors.

Networking

Connect directly with decision-makers, potential customers and business partners to build valuable relationships and unlock new opportunities for business development.

FLOOR PLAN 2027

CO-LOCATED EVENTS

A total of 18,250 m² of exhibition space at Centro Banamex in Mexico City.

The co-location attracts an enhanced visitor profile.

✓Two chairs
✓Header with name and booth number
✓Wastepaper basket
✓110 volts electric plug
✓Cleaning (once a day)
✓Web banner on www.intersolar.mx (Zone 2)

Solar Thermal at Intersolar Mexico

Explore business opportunities in Mexico's residential, commercial and industrial solar thermal markets. Connect with potential customers, distributors and partners driving energy efficiency and industrial decarbonization.

Maximize your presence

Choose from flexible **exhibiting options**, increase your visibility through **sponsorship and marketing opportunities**, and showcase your expertise through the **International Conference** and **Innovation Forum** programs.

Stand out in a growing market

Interest in solar thermal technologies at Intersolar Mexico has surged **from 25% of visitors in 2024 to 43% in 2026**, creating greater opportunities to showcase your solutions and connect with potential customers and business partners.

Get connected. Get noticed.

Maximize your visibility through targeted promotion by **Heat Changers**, connect with key industry players and decision-makers, and put your innovations in the spotlight at the dedicated **Solar Thermal Showroom**.
